**NOTE:** AMP data file (Users, Enrollment, Roster, Test/Exit/Clear) deadlines were created to provide guidance to districts on the best timeframe to complete uploads. Excluding the January 5, 2015, deadline to submit enrollment and TEC files, the deadlines were scheduled to provide districts with time to become familiar with Educator Portal, add new records, and fix errors. January 5, 2015, is a fixed deadline with the purpose of generating pre-ID labels for paper/pencil test administration.
